PUBLISHERS NOTE

The information in this Directory is gathered by an actual door to door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the latest edition of the Hobart City Directory, which also includes rural route residents.

Confidence in the growth of the community's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hobart City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Hobart, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hobart, and the name, official personnel, nature and address of each firm and corporation in the city. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET

AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains a Hobart Rural Route Directory printed on white paper immediately following the Numerical Telephone Directory.

Municipal Publicity

The Directory reflects the achievements and ambitions of Hobart, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of the community.

The Hobart Directory Library

Through the courtesy of the publishers of the Hobart City Directory, a Directory Library is maintained in the offices of the Hobart Chamber of Commerce, for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

SERVICES

OF R. L. POLK & CO.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping and creative services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,400 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally.

BANK DIRECTORY

Published semi-annually, Polk's World Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

History

Hobart was founded in 1847 by George Earle when the Government Post Office was moved to this site. Earle laid out the plat of the town along the banks of Deep River and named the new community after his brother who had gone to Australia.

The new town was located on the Chicago-New York stagecoach route, then used extensively by the Forty-niners in the California Gold Rush.

The damming of Deep River for use of a grist mill made Hobart a commercial center for farmers, and in 1858, the community had the distinction of being the first railroad center in Lake County. By 1870, Hobart was described as "having the air of a city." Its population was 500, and in addition to the railroad it had the finest hotel and the county's only art gallery. Brick-making was then the largest industry. The first bank was established in 1884.

HOBART CITY HALL

(Courtesy Keith L. Reinert, Architect)

The first organized religious congregation in Hobart was that of the Augustana Lutheran Church, which celebrated its centennial in 1962. Other early-established churches were the Methodist, 1869; Unitarian, 1872; Trinity Lutheran, 1873; and St. Bridget's, 1875.

The first town board was organized in 1889, and the first city government, in 1921.

Government

Hobart became a fourth-class city in 1950; third-class in 1966. The city government consists of a mayor, seven councilmen, a city clerk-treasurer and a city judge, elected every four years in odd-numbered years immediately preceding presidential election years. Hobart is divided into 5 councilmatic districts, with a councilman representing each district and two at-large, all of them elected at-large. The council meets in the city hall on the first and third Wednesday of each month.

The city council elects a bi-partisan school board, consisting of five members, who serve staggered three-year terms.

The City operates a modern sewage-disposal plant and is currently expanding the treatment facilities as well as following a long range plan in the construction of new sewer lines, expected to reach the west, south and east boundaries of the community within four years.

Hobart's city council adopted a master plan, prepared by the Purdue-Calumet Foundation, for the planned growth of the community. In June of 1964, the City Council annexed 3,300 acres. The portion lies south of Route 6, north of 61st Street, west of County Line Road and east of Mississippi Street. New ordinances have set aside desirable sections for light industry, and an Industrial Foundation has been established to facilitate the coming of such to the community. The city has ordered a private firm to prepare a new city plan.

Other recent ordinances have provided high standards in home construction and property use which protect the high level of community life prevalent in every section of the city.

Residential Features

Hobart is a scenic, sprawling community which bridges a gap between large industry and rural tranquility. The majority of the citizens gain their livelihood in the Calumet industries to the north and west of Hobart, but prefer to raise their children under the leisurely influence of the open acres to the south.

Sixty years older than its giant neighbor, Gary, Ind., Hobart remains a proud and individualistic town, although its population has increased greatly in the past dozen years. Few communities have blended their love of tradition with the needs of progress as well as has Hobart in recent years. This is a community where an old-fashioned parade can start up on the slightest excuse, but not a tear will be shed for a building that must come down to provide shopping. Hobart has two expanding shopping districts in addition to the downtown area. There are thriving business districts on the east and west sides of town.

Residential property ranges from the modest, well groomed bungalow to the highest-priced, modern executive home. Visitors frequently comment on the beauty of the individual yards in Hobart, there being virtually no substandard dwellings or neglected properties in the community.

Housing: Approximately 30 medium rent apartments are available on an intermittent basis, with most of them being of very recent construction. During the past two years, several large apartment complexes have been built with ultimate total of about 1,000 units. Lower rental apartments are few in number and are all of older vintage. Single family dwellings for sale are always available and in most price ranges with the emphasis on the medium price homes. There are some in the \$50,000 and over class and an average number in the below \$17,000 class.

Traffic-safety and fire-protection records in Hobart are outstanding among Indiana cities, and good utilities are available. The Gary-Hobart Water Corp. furnishes water, and the Northern Indiana Public Service Co. furnishes gas and electricity. The General Telephone Co. of Indiana has Direct Dialing Service.

The City has received many national awards for being a clean city.

Hobart Branch of the Lake County Library is situated at 100 South Main St. (See picture below).

HOBART PUBLIC LIBRARY

Recreation

Lake George is the focal point for the scenic and recreational activities of Hobart. Lake View and Fred Rose parks lie along two shores of the lake, and several neighborhood area parks also have been established. The Lake is used for boating, fishing and skating, and a rustic scout cabin on the north bluff is the recreation center for hundreds of Hobart boys and girls.

The City Ball Park is located at 8th and Lake St. Hobart's Little League Complex, adjacent to Hillman Park on the west side of the City, is considered one of the finest in Indiana, and basketball and baseball activities are enjoyed through cooperation of various local groups with the school system facilities. Hunting in the marshes south of Hobart and sledding in the ravines are used by many residents.

Recreation: The city of Hobart has 11 parks with a total acreage of 90 acres, which is increased by dual use of the school playgrounds during the summer. We have two semi-public golf courses. We have two swimming pools; one is in the new family YMCA building which provides fun and recreation for the entire family; the Hobart Pool Association is located on West 8th st. Lake George is in the very center of the city and provides facilities for boating, swimming, fishing, and picnicking. Two lakes and parksites were donated to the city by the engineering firm constructing the segment of I-65 which passes through the western outskirts of Hobart; one is owned by the Izaak Walton League of Hobart and the other is now located in Robinson Park, Hobart's newest park facility. We are within 15 miles of Indiana Dunes State Park, and the proposed National Lake Shore Park adjacent to it. There is a Hobart Youth Center on Lake George for teenagers.

Hobart Central Fire Station

In addition to numerous women's and men's clubs, outstanding service organizations in Hobart are: The Chamber of Commerce, Hobart Jaycees, Lions Club, Rotary Club, and the Optimist Club. Many Hobart young people also take part in C.Y.O. activities, provided by the Gary Catholic Diocese. There are many organizations to provide interest for almost everyone.

The Hobart Historical Society is located at 4th and Center Streets. There are many interesting exhibits there.

Newspapers

Two weekly newspapers, the Hobart Gazette, published in the city, and the Hobart edition of the Herald Newspapers, published in nearby Gary, serve the Hobart community. The Gary Post Tribune and Chicago daily papers also have a large local circulation.

Transportation

Public Transportation to Chicago is provided from Gary via the South Shore Illinois Central System, and two trips daily are provided for commuters via the Pennsylvania System from Hobart to Chicago and return.

Most commuters to the Chicago metropolitan areas use the Indiana Toll Road System, which joins the Chicago Skyway route into the heart of Chicago, or the Tri-State System, which joins the Illinois Toll Road.

Both of these routes are easily accessible to Hobart drivers.

Commuters to the industrial areas use U. S. No. 6, which bounds the north edge of Hobart, or U. S. No. 30, which parallels U. S. No. 6 two miles south of Hobart. State Highway No. 51 runs north and south through the community, and State Highway No. 130 runs southeast from Hobart to Valparaiso. (See Statistical Review for names of railroads).

I-65 which passes thru the west side of the city of Hobart has considerable use.

St. Mary Medical Clinic (Hospital)

Hospital

St. Mary Medical Center, 1500 South Lake Park Ave. opened in 1973. It has 184 beds.

Schools

Enrollment in the Hobart public schools in 1961 was 4,076, with 169 teachers. Five elementary schools, grades one through six, are located in centers of residential population. The Junior High School (7, 8, 9) is situated at 4th and New Streets, and the High School (10, 11, 12) is on 8th St. The superintendent of Schools and Director of Pupil Personnel have offices in the Administration Building at 32 E. 7th Street.

Hobart High School, accredited by the North Central Association of Secondary Schools and Colleges, has long been noted for its high scholastic standards and prominence, in sports and music. The band, organized by Wm. D. Revelli in 1925, has won national recognition many times.

There are two parochial schools, St. Bridget's Catholic, located on Main St. (center), and Trinity Lutheran, at 9th and Linda Streets (south) serving grades one through eight. The Montessori School located in Hobart, serves the Calumet Region.

NEW ADMINISTRATION BUILDING FOR HOBART SCHOOLS

Kindergartens are conducted in all elementary public schools and in both parochial schools.

A limited number of classes are offered to high school students in the summer.

Hobart is six miles from the campus of Indiana University (Gary) Northwest Campus, and 11 miles from Valparaiso University and Valparaiso Technical Institute. Purdue University and Calumet College have programs in nearby cities. Northwest Technical Institute is located in nearby Gary.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

For A Progressive Hobart

The Hobart Chamber of Commerce is an organization of Hobart Businessmen and Professional people, dedicated to the task of building a bigger and better city, to making our city more attractive and to serving the community in it's many fields of endeavor.

The Hobart Chamber of Commerce has long recognized the need for the expansion of it's industrial development. The enrichment of it's community life, depends largely upon the degree of advancement realized from industrial development. The organization of the Hobart Industrial and Commercial Foundation is directed to this task.

The extremely rapid rate of population increase in Hobart demands close attention to such matters as taxation, governmental affairs, traffic, highways, schools, city planning and solicitation controls.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

SERVICES OF R. L. POLK & CO.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping and creative services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,400 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally.

BANK DIRECTORY

Published semi-annually, Polk's World Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

SERVICES OF R. L. POLK & CO.

MARKETING SERVICES

Polk offers a full range of services to help businesses increase their sales volume. One of Polk's principal services is custom-produced selective mail advertising for many of the nation's leading advertisers. Other services include: Mailing and prospect lists, couponing and sampling, data processing services, publishing of controlled-circulation magazines, contest administration, fulfillment services, consumer and market research, warehousing and shipping and creative services.

AUTOMOTIVE STATISTICS

Polk has served as statistician for the automotive industry for more than 40 years. Polk's total count of cars, trucks, motorcycles and trailers, by make and year model, is the only annual inventory of the nation's wheeled population. Polk's new car and truck reports furnish manufacturers and dealers with regular capitulations of all sales for each territory. To produce these statistics, Polk maintains one of the largest electronic data processing installations in the country. By using Polk statistical services, American business can plan intelligently its production, distribution and sales.

CITY DIRECTORIES

Polk City Directories are published regularly for more than 1,400 North American cities. Each Polk Directory is the one complete inventory of residents and businesses in the community for which it is published. The facts compiled for a City Directory include the name, address, occupation and marital status of each resident; the name, address, ownership and classification of each business. The vast fund of information in a Polk Directory helps bring together buyers and sellers, facilitates credit, speeds deliveries and communication and stimulates business generally.

BANK DIRECTORY

Published semi-annually, Polk's World Bank Directory is recognized as the outstanding reference book in the financial world. The directory carries detailed information on each of the nation's banks, showing officers, directors, branches, statement and other data. The book also includes a Summary of United States Banks, charts and statistics and a listing of governmental banking agencies and banking organizations. Polk also offers financial institutions a portfolio of marketing, advertising and research services.

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems
that pop up unexpectedly to annoy and
baffle you.**
- you can quickly find the answer
in the City Directory.**

The City Directory

**represents the City and its
institutions in every cor-
ner of these United States**

**Are You Properly
Represented In It?**

**The Classified portion
catalogues the professions

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.
